Long-Term Care

Moving from your family home to a long-term care setting can be a challenging transition for anyone. Knowing this, we are committed to making the process as easy as possible by helping you and your family understand the available options and make the right decisions.

Is long-term care the right choice for me or my loved one?

Wherever possible, we start by getting people the care and support they need to stay in their homes. People whose health care needs can be managed at home, or who need help with specific day-to-day tasks, like bathing, dressing or cooking, may be able to receive support at home through our [home care](#) services.

When it becomes necessary to consider alternative living arrangements, we help you and your family understand your options, including:
